CGX SERIES BOTTOM MOUNT GLASS
PRODUCT FLYER

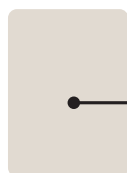

CGX Series

BOTTOM MOUNT GLASS

The CGX Series is the ultimate in innovation with its unique 3 door design and toughened glass front panels. Perfect for apartment living or a smaller cavity space, it features our celebrated humidity drawer, an automatic ice maker and supercool chilling case, for storing items at about -3°C to 0°C without freezing it.

370 Litres

Brilliant Black

Argent Silver

Glacier White

Vegetable Drawer with VitaLED

Designed to maximise the freshness of produce. The drawer features a higher humidity than the main refrigerator compartment and is ideal for storing and keeping fruit and vegetables crisper and fresher for longer.

Automatic Ice Maker

There is no need for a separate plumbing connection. The removable water tank can be filled with water and the Ice Maker is ready to go!

Supercool Chilling Case

The Supercool chilling function is ideal for storing meat, fish or other perishable food without freezing it. This provides the convenience of food ready to cook without the need to defrost it. (MR-CGX370EP only)

2-Way Flexi Glass Shelf

Make the Tempered Glass shelf deeper or push it in for more space. It is ideal for storing taller items such as a salad or dessert bowl.

Glass Door Finish

Toughened glass front panels present a luxurious, striking finish and are easy to keep clean. (MR-CGX370EP only)

3.5 Star Energy Rating

Introduction of an inverter compressor and design changes deliver a 3.5 star energy rating and reduced power consumption compared to non-inverter models.
