L4 SERIES FRENCH DOOR GLASS
PRODUCT FLYER

L4 Series

FRENCH DOOR GLASS

The L4 Glass Series is designed for larger living. The toughened glass front panels present a luxurious finish. Now featuring a 4.0 Star Energy Rating which will assist in reducing power consumption costs over time.

The L4 Mini Glass (650L) is designed with a reduced height, to easily fit into a French Door cavity with overhead cupboards. The new easy-to-use LED Touch Panel features three smart operation modes so that the refrigerator can perform optimally, in line with the user's needs.

Touch Control Panel

Featuring three smart operation modes - including Eco Mode, an energy saving setting which automatically adjusts the temperature, and Rapid Cool or Freeze which cools quickly to preserve the freshness of food.

Glass Door Finish

Toughened glass front panels present a luxurious finish that are easy to keep clean.

Improved Energy Star Rating

The new L4 Glass Series now features a 4.0 Star Energy Rating which will assist in reducing power consumption costs over time.

Vegetable Crisper

Designed to store fruit and vegetables. Some require more humidity than others, that is why the humidity controls will help to regulate the amount of moisture in the crisper.

Multi Airflow System

With 6 different temperature points in the fridge, this technology efficiently cools all food, even in hard-to-cool places such as filled door pockets.

Large Bottle Pockets

The smart big bottle door pocket is designed for convenient storage and retrieval of large and small bottles.

Large Capacity

The French Door design delivers a wide internal space, perfect for large platters and maximising storage capacity.

Ergonomic and User Friendly

Designed for frequent access, the refrigeration compartment that is accessed most commonly is positioned at chest height.
