120min Run Time

The Miele Triflex's VARTA Lithium-Ion battery is equipped with 7 high-performance cells, giving Miele's cordless handstick a run time of up to 120 minutes*.

*Applies to the HX1 Runner & Pro on power setting 1 without electro brush Multi Floor XXL attached with the use of two batteries.

Lifetime HEPA Filter

The HEPA¹ lifetime filter captures and filters 99.999%² of all microscopic particles and allergens, removing them from the air. This maintenance free filter is perfect for people who suffer from asthma and allergies.

¹ According to EN 1822/2011

² According to EN 60312-1

Extra Battery

How many times have you been on a call, watching videos or cleaning and it runs out of battery, it's frustrating. Our VARTA Li-Ion battery offers up to 60 minutes* of cleaning per charge per battery.

*Applies to power setting 1 without electro brush Multi Floor XXL attached.

Extra Charger

The additional battery charger allows you to have your second battery on charge, doubling the running time of your Miele vacuum cleaner. By having the second battery on charge, you can take comfort knowing that time is on your side.

Mini Electro Brush

Stubborn pet hairs on the sofa or dirt and hair in your car can be a pain to remove. The long bristles of the Miele Electro Compact handheld brush pick them up easily and reliably and can eliminate deep-seated dirt.

LED Floorhead Lights

Depending on the colour of your floor, very small debris such as sand, grains or very fine dirt can go unseen. Miele's exclusive BrilliantLight allows you to see this otherwise invisible debris and assist in giving you the perfect clean.

XXL Floorhead

The extra-wide Electro brush cleans a larger surface area in less time without compromising on performance. It adapts automatically to every type of flooring, ensuring all surfaces are cleaned quickly and thoroughly.
