

linea mini

**a la marzocco classic,
redesigned for your kitchen.**

Bring home a machine inspired by an espresso icon, the Linea Classic. The Linea Mini looks as beautiful as it performs, ready to serve for years to come.

la marzocco

HOME

The Linea Mini comes in Yellow, Stainless Steel, Black, White, Red and Light Blue colour options to match your personal style.

Inspired by the Linea Classic, the Linea Mini comes with dual boilers and an integrated brew group that allows the machine to achieve the temperature stability and energy efficiency of the saturated brew group in a reduced footprint.

linea mini features and specifications

Dual Boilers

Separate boilers optimise espresso brewing and steam production.

Hot Water Spout

Convenient spout for tea and rinsing portafilters between shots.

PID Control

Stepped temperature wheel allows for user adjustment.

Integrated Brew Group

A combined boiler and brew group achieve thermal stability in a reduced footprint.

Thermal Stability System

As water passes through each element, temperature is further stabilised.

Water Reservoir

A self-contained 2.5 litre water tank makes plumbing optional.

Indicator Lights

Lights provide user feedback on heating and water level.

Internal Pump

Self-contained pump without compromising performance.

Barista Lights

LED lighting allows you to focus on your extraction and the cup.

1 Group
