

**Eneo Shelf
with Double Glass Holder 40cm**
EN63

Finish: Chrome

Custom Finishes available:

Specialty finishes available upon request.

By combining the square geometric form with the gentleness of curved corners, the Eneo 40 cm shelf with double glass holder has perfectly captured today's design trend. That trend is contemporary luxury. Contemporary, through the use of straight lines. Luxury, through generous proportions, softened edges and chrome plated brass construction.
