Ducting options

Roof ducted   Eave or Wall ducted

- Use semi-rigid or rigid ducting, not fully flexible foil ducting.
- Fewer bends means a quieter and more powerful extraction.
- Extra 3 years warranty when Sirius ducting is used (total 6 years).
- See **support page** on Sirius website for installation videos and FAQs.

Cut outs for appliances should only be by physical product measurements. The above information is indicative only.
BI-POWER mode

The new **Smart-Switch BI-POWER** feature is designed to offer the user a rangehood with the option for significant energy saving and noise reduction, specifically for cooking that does not require high-powered extraction performances.

Activating the **Smart-Switch BI-POWER** increases the airflow of the hood for when a more powerful extraction is required.
