The Big, Cool Combination

Quality, Design and Innovation

SBNes 4265 & SKBes 4360

LIEBHERR

2.4" Touchscreen Display: Located behind the appliance door, this high-resolution and high-contrast 2.4" touchscreen display can be read from any angle. Stored menu options are intuitive and easy-to-operate.

BioFresh-Plus: With the adjustable temperature range of 0°C and -2°C, BioFresh-Plus technology offers even more flexibility for your produce. The BioFresh-Plus drawer includes a versatile Fish & Seafood-Safe.

PowerCooling: A high-performance system that allows freshly stored items to be chilled rapidly while maintaining an even temperature throughout the interior. In this energy-efficient BluPerformance range, the fan switches off when the appliance door is opened, saving valuable energy.

Note: Whilst every effort is made to ensure all specifications and information in this flyer are accurate, Liebherr reserves the right to make changes without notification. Where actual appliance measurements, specifications, and ratings are crucial, we recommend that the actual appliance installation instructions that accompany each appliance be checked. Liebherr will not be liable for any loss.

The **SBSes 8484** Side-by-Side fridge-freezer from the BluPerformance series combines plenty of storage space with perfect cooling performance for long-lasting freshness. This unit can be precisely controlled via the touch electronics system with digital temperature display. Meanwhile BioFresh-Plus allows added storage flexibility and a longer shelf life for fruits, vegetables, fish, meat, and dairy products. And thanks to Liebherr's innovative NoFrost technology, the appliance never has to be defrosted. With elegant and timeless design in combination with high-quality materials, components, and workmanship, this model will continue to catch the eye for many years to come.
