

Ultimate Food Preservation

Quality, Design and Innovation

SICN 3356

LIEBHERR

Door-on-door technology: Allows custom panels to be affixed directly onto the appliance door so that the hinges are concealed, plus the cabinet and the fridge open as one, ensuring a wide range of design options and easy installation.

SoftSystem: In built-in appliances, SoftSystem technology allows doors to close automatically and gently from 30° to eliminate slamming even when fully loaded.

BioCool: The humidity level inside the BioCool-Box can be regulated using a slider control so that the freshness of produce stored in the box can be preserved for longer.

The **SICN 3356** built-in fridge-freezer adds elegance to your home, with Liebherr's door-on-door technology allowing for easy and seamless installation. The panel-ready doors close automatically and gently thanks to our SoftSystem technology which eliminates slamming even when the shelves are fully loaded. This appliance also includes a BioCool drawer which regulates humidity via a slider control to keep fruits and vegetables fresher for longer.
