Key Features & Benefits

SOFT FREEZING STORAGE

- **Soft freezing with PRIME FRESH+**

This convenient storage drawer is equipped with **Prime Fresh+** which softly freezes raw meat & fish at approx. -3°C, helping to maintain flavor, freshness and retain nutrients for up to 7 days. Meal preparation becomes effortless as cutting or separating softly frozen food is easy.

CLEAN & HEALTHY STORAGE

- **Ag Technology for Superior hygiene**

Ag Clean feature promotes Clean and Healthy storage throughout the refrigerator. The anti-bacterial effect of the silver ions deactivates up to 99.9%*1 bacteria and suppresses odors. The silver ions also offer a semi-permanent solution and never need to be replaced. Active enzymes effectively prevent unpleasant odors for fresher, cleaner storage.

- **Keep fruit and veggies fresher for longer**

Fresh Safe crisper maintains high humidity and a constant temperature to retain moisture to keep your produce fresher for longer. Airtight drawer design and indirect cooling prevents spoilage.

ENERGY SAVING

- **Energy Saving with ECONAVI Technology**

Intelligent Eco sensors detect consumer usage conditions, optimizing performance. Includes 3 kinds sensors; Door, Room Temperature and Internal Temperature. Monitors a families usage of the refrigerator across a 3 week period, thereby optimizing cooling performance and reducing energy consumption by up to 10%.

- **INVERTER – Comprises 2 components**

Intelligent Sensing

A microcomputer cleverly detects the temperature inside the refrigerator. Each time the temperature changes due to the door opening and closing or the amount of food stored, that information is precisely transmitted to the compressor.

Intelligent Adjustment

Based on the information received, the compressor adjusts rotation speed to suit the situation. The result is a more efficient, powerful cooling to maintain a stable temperature inside the refrigerator.

*1 Certified by Boken Quality Evaluation Institute. Test Report No.: 003557-1 , 003557-2

Model Number: NR-BX421BPKA

Dimensions (H x W x D): 1680mm x 686mm x 695mm

Net Weight: 65kg

Gross Capacity: 422L

Rated Capacity: Fridge 268L, Freezer 112L, Total 380L

4 Star Energy Rating

Warranty

- 2 year parts and labor
- 10 year inverter compressor
- (2 year parts and labor + 8 year parts only)

Barcode: 8887549787225

Availability: July 2021
