

Front Load Washing Machine, 10kg, Steam Care

Series 9 | Front Load

Graphite

In a subtle and sophisticated graphite colour to match any laundry design, this Steam Care front loader has advanced wash functions including Steam Refresh, and uses quiet and reliable SmartDrive™ technology.

DIMENSIONS

Height	850mm
Width	600mm
Depth	665mm

FEATURES & BENEFITS

The pinnacle of fabric care

With 14 fabric care cycles including Quick 15, Wool, Sports and Allergy. The specially-designed cushioned drum provides a gentle, effective washing action, protecting clothes while delivering an optimal wash performance.

Refresh, revive, respect

Bring lightly-worn clothes, musty stored garments and even soft furnishings back to life with Steam Refresh. The 20-minute cycle removes odours so clothes can be worn again without the need for a full wash cycle, while steam reduces creases to save you precious time spent ironing.

Health and hygiene

Our Hygiene cycles include Allergy and Sanitise, to provide extra protection for your clothes. The higher wash temperature and an extra rinse cycle is designed to kill more than 99.99% of bacteria and reduce allergens*.

Less waste with Auto Dose

Auto Dose dispenses the exact amount of liquid detergent required based on load size - resulting in less waste, less hassle and less detergent residue, with the added convenience of not needing to fill the dispenser for every wash.

Customise your wash

Shorten your total wash time with our Speed option, or choose Eco to wash more sustainably. The Quiet mode reduces cycle noise, perfect for late night washing.

Time saving

When time is short you can select a quick 15-minute wash for freshening up new or lightly-soiled garments. In fact, Vortex Wash allows most cycles to take less than one hour to complete. Water is forced from the bottom of the drum so detergent reaches your clothes faster, cleaning quickly and avoiding over-washing.

A smarter, quieter wash

SmartDrive™ technology is a gentle, quiet, and efficient combination of smart electronics and a direct drive motor that senses the load, with less moving parts, to deliver better fabric care.

Wi-Fi enabled

Your front loader is Wi-Fi enabled giving it the potential to continuously improve and integrate with smart homes in the future.
