

CG903DNGGB1/CG903DLPGB1

60CM 3 BURNER GAS ON GLASS

GAS COOKTOP

Combines the cleanability of highest quality glass surface with the efficiency of gas cooking; precision of the latest burner technology with elegant stainless steel controls. As part of a modular family of kitchen appliances, this cooktop is designed using premium quality materials with a polished stainless steel trim.

MODEL	CG903DNGGB1 (Natural gas) CG903DLPGB1 (LPG)
Burners	3 including 2 dual wok burner
Dimensions	H59 x W900 x D450mm
FEATURES	BENEFITS
Finish	Ceramic and toughened glass with polished stainless steel trim and cast iron trivets.
Performance	High power dual control wok burner. Electronic ignition, Quick connect gas valves.
Triple Ring, Dual Wok Burner	Two large and powerful burners with a maximum output of 18 MJ/h, the wok burner is great for foods that require a high heat while the inner can be turned down to a gentle simmer.
Electronic Ignition	Easy ignition and accurate temperature control, ergonomic controls automatically ignite the flame when the control dial is pushed down and turned around to its desired setting.
Quick Connect Gas Valve	The quick connect gas valves are twice as fast and more reliable than conventional gas valves. Time holding the dial down to ignite the flame is halved.
Safety	Flame failure. Should the burner flame go out, the gas supply to the burner is cut off for your safety.
Cleaning	Easy clean cooktop design, quick component removal.
Installation	Natural gas model, LPG model.
Burner Ratings CG603 (Shown for Natural gas)	8.4 MJ/h Semi-rapid burner 18 MJ/h/2.4MJ/h Wok burner (x2)

DIMENSIONS	MM
Ⓐ Overall height of chassis (below top of bench)	59
Ⓑ Overall width of product	900
Ⓒ Overall depth of product	450
