FULLY INTEGRATED FREEZER

ELECTRONIC TOUCH DISPLAY

Set the optimal conditions for a variety of food and beverages with Smeg's electronic temperature control display. At the touch of a button, accurately monitor temperature for fridge and freezer with a simple to use touch control.

REVERSIBLE HINGES

Smeg integrated refrigerators are factory fitted with door hinges on the right. The reversible door hinges permit optimum use of the appliance wherever it is located.

TURBO COOLING FAN

The turbo cooling fan technology provides a regulated temperature in all sections of the refrigerator. Compared to conventional systems, the turbo cooling fan delivers the most efficient cooling of food, keeping the freshness, aroma, and nutrients of fruit, vegetables, and meat much longer.

ANTI BACTERIAL GASKET

Vastly reducing cross contamination between compartments, the anti-bacterial gasket means the original flavours of your food are better maintained while the general hygiene inside the refrigerator is improved, improving the shelf life of your fridge contents.

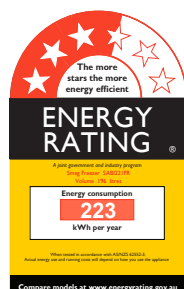

EAN	8017709314514
Finish	Fully integrated
Dimensions	540mmW x 545mmD x 1770mmH
Volume	Freezer: 197L Total: 197L

FREEZER

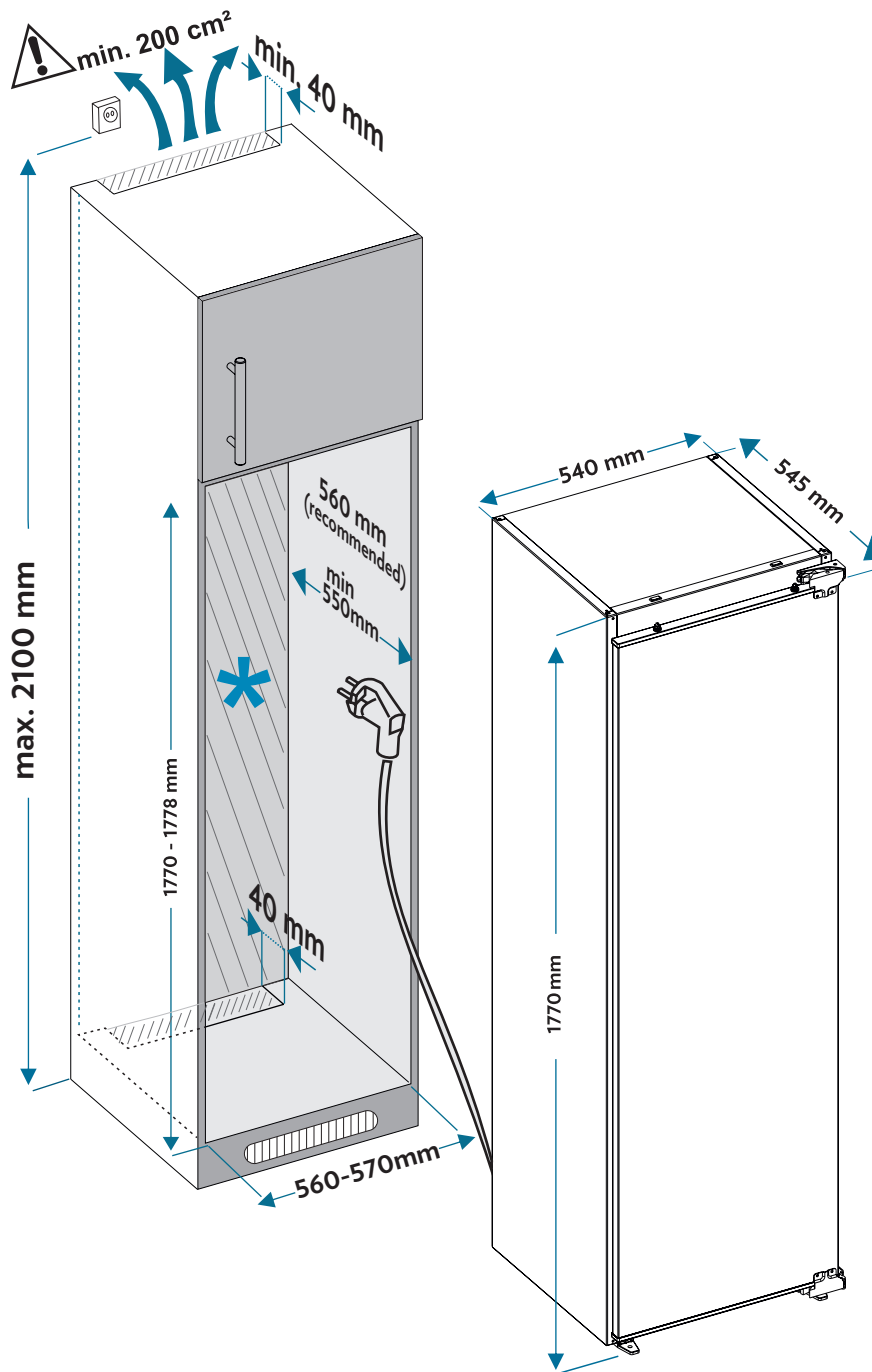

Lighting	Internal LED
No. of drawers	6 x Freezer drawers 2 x Freezer door flaps
Defrost	No frost
Installation	Built-in door on door hinges

Performance

Energy Consumption	223kWh/year
Star Rating	3.5 Star
Power	230-240V, 50/60Hz 168W 10A (3-pin plug)
Warranty	5 years parts and labour
