Benefits

FamilySafe cool doors

For extra peace of mind and safety in the kitchen, we've developed multi-layer glazed oven doors with an even cooler exterior that's easy on little hands. The Westinghouse cool doors are safer for families with young children and create a more comfortable environment in the kitchen. And the benefits don't stop there. The full-width inner glass door also ensures a better oven seal, optimal temperature control and easier cleaning.

Room for everything with FamilySize Ovens

Whether it's a big family gathering or a simple Sunday roast, you'll love Westinghouse Family Size ovens, our huge 80-litre gross capacity ovens with room for everything. The home cook's delight, the impressive width makes it super easy to get things in and out of the oven. Plus it can also fit even the largest turkey or lamb roast, so you'll never have to worry about not fitting food in. Add in A-Class energy efficiency to European standards, low heat emissions and a super quiet operation, and you have all the ingredients for the perfect oven.

Fingerprint resistant stainless steel

Fingerprints have met their match. Enjoy a family-friendly oven with stainless steel that really is stainless. It's effortless to keep your oven looking like new with our easy-to-clean, smudge-free stainless steel.

Programmable timer

The programmable timer gives the ability to plan your start and finish cooking time to the minute.

Specifications
