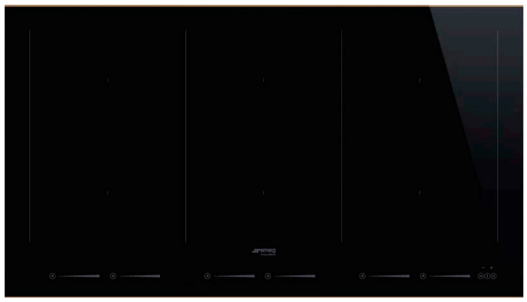
MADE IN ITALY
Since 1948



Dimensions	900mmW x 53mmH x 510mmD
Finish	Black ceramic glass surface with copper trim
Power Levels	9 heat settings per zone + 1 boost setting per zone 3 auto-regulated temperatures ∫ 42ºC, ∫∫ 70ºC, ∫∫∫ 94ºC
Warranty	Five years parts and labour

THREE SURFACE SHARE ZONES

Smeg's Surface Share technology allows zones to be combined and operated with a single control. They are the largest available and square in shape, ensuring that every part of the zone to the edge is usable, without any cold spots.

BOOST

Provides an additional surge of power for even more intense heat ideal for rapid boiling or stir frying. The temperature will revert to power level 9 when complete.

PRESET TEMPERATURE SETTINGS

There are three pre-selected options to take the guesswork out of cooking – delicate sauces 42°, keep warm 72° or gentle simmer 94°C.

ACTIVE SURFACE CONTROL

Active Surface Control will activate and automatically illuminate the relevant power control, when a pan is placed over the applicable zone.

EASY CLEAN CERAMIC SURFACE

For maintenance of the highly durable ceramic surface, simply wipe with a damp cloth after use to clean any spills.
