

OB60SD11PX1

Built-in Oven, Pyrolytic , 11 Function, 85L

This Fisher & Paykel 60cm built-in oven is self-cleaning with a large capacity and 11 functions for a variety of cooking styles.

Brushed Stainless Steel with black glass

Dimensions

Depth	565mm
Height	598mm
Width	596mm

Features & Benefits

Multi-function flexibility

Featuring 11 functions with pre-set temperatures, from Roast to Pastry Bake to Fan Forced. With multiple shelves and the grill's even performance, this built-in oven suits a variety of cooking styles.

Generous capacity

Designed for multi-shelf cooking, this built-in, 85L total capacity oven is one of the largest on the market. The spacious internal cavity provides ample room to create multiple dishes at once.

Pyrolytic self-cleaning

Pyrolytic self-clean breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.

Perfect results

Our built-in ovens feature ActiveVent technology for optimised moisture levels, and AeroTech for even heat distribution. Get perfect results even when you're using multiple shelves.

Seamless fit

Designed to fit seamlessly in your kitchen, this built-in oven fits flush with cabinetry to minimise gaps and add to a cohesive aesthetic.

CoolTouch door

The CoolTouch door features triple glazing and a cooling system, ensuring it's safe to touch from the outside - protecting both your hands, and the surrounding cabinetry.

Designed to match

With their tempered black glass, stainless steel finish, and contemporary handle styling, our built-in ovens match the rest of Fisher & Paykel's kitchen appliance family.
