Brushed Satin Nickel, Copper, Gold, Gun Metal, Rose Gold.
Specialty finishes available upon request.

The Pan wall tap mixer and spout with plate is Zucchetti's interpretation of the basic cylinder type mixer tapware. Pan begins with classic archetypes and goes on to develop completely original aesthetics and new types of taps. Designers Roberto and Ludovica Palomba have concentrated their attention on the joint between the vertical and horizontal elements. As in nature there are no cuts and weldings, so that the spout and handle have a soft connection to the body, like the branch to the trunk of a tree.

The Pan wall tap mixer and spout with plate can be used with a basin or over a bath. Features a flawlessly polished forged brass wall plate in a compact 70mm height.

Spout projection of 230mm.
