#### TRIPLE WOK BURNER

Centrally located, this large and versatile burner suits woks, pots, saucepans and griddles. Whether it's used for easy stir-fry meals or controllable low simmers, it adds a whole new repertoire to your cooking.

#### FLAME FAILURE DEVICE

Safety fitted to all burners, the Flame Failure Device ensures that should a flame be extinguished accidentally, the gas supply to the specific burner is stopped. The burner can only then be reignited by following normal ignition procedure.

#### ELECTRONIC IGNITION

Comfortably reignite the flame with automatic electronic ignition technology. Simply turn the dial during the ignition process for precise control of heat distribution that is both safe and convenient.
