

RS9120WLJ1

## ActiveSmart™ Fridge 906mm Bottom Freezer Built- in Panel Ready with Ice

The Fisher & Paykel family of built-in refrigerators provides new flush-fit design and can be integrated behind your kitchen cabinetry. Choose between optional stainless steel or integrated door panels. These refrigerators offer a seamless look to the kitchen while helping food stay fresher longer with ActiveSmart™ Foodcare. \*Wooden cabinetry in image not included. Stainless steel door panel set sold separately.

Integrated

### Dimensions

Depth	606mm
Height	2028mm
Width	906mm

### Features & Benefits

#### Efficient

These ActiveSmart™ fridges intelligently adapt to daily use to help save energy, cooling and defrosting only when they need to without compromising on food care.

#### Real Integration

Contemporary kitchens are living spaces. Part of this evolution is increasingly refined design, flush-fit cabinetry and appliances that enhance ergonomics.

#### Easy Installation

Whether it's an update to an existing kitchen or starting from scratch on a new design, product installation is key to a high quality look and feel. There are multiple angles of adjustment for the door panels. The four feet can be adjusted from the front to allow for uneven floors. Adjustable door panels allow the fine-tuning of minimal gaps as kitchen cabinets settle after initial installation.

#### Internal Ice Maker

The internal ice maker delivers fresh ice into a dedicated bin that can be easily customised to store different volumes or simply turned off to free up freezer bin space. Ice Boost mode can temporarily increase ice production by up to 30%.

### Specifications

#### Accessories

EZKleen stainless steel door panel & handle kit	RD9121WL (sold separately)
Joiner kit	part no. 24990 (sold separately)
Replacement water filter	part no. 842802
