## Induction Cooktop 90cm 5 Zone, SmartZone

This Fisher & Paykel Touch&Slide 90cm 5 zone induction cooktop with a dual zone and SmartZone gives you a spacious cooking area, perfect when cooking for a crowd.

Ceramic glass

### Dimensions

Depth	530mm
Height	49mm
Width	900mm

### Features & Benefits

#### Precise control

Fisher & Paykel induction cooktops offer extremely accurate temperature control from very high to very low heats, so you can sear, sauté and temper like a pro. Touch&Slide controls react immediately when you adjust the temperature, so you can go from a boil to a simmer in seconds.

#### Safer choice

Induction cooktops only start heating your pot or pan once you've placed it on the ceramic surface and stop as soon as you remove it – so you don't have to worry about curious little fingers or leaving an element on.

#### Easy cleaning

The surface around your cookware stays cool when you cook – preventing baked-on spills and making cleaning up a breeze. The durable ceramic cooktop surface just needs a quick wipe after use to maintain its good looks.

#### Enhanced features

PowerBoost and GentleHeat deliver either very high or very low heat fast for specialised cooking tasks such as searing meat and melting chocolate. An integrated timer keeps you on track.

#### Superior efficiency

No heat is wasted during induction cooking because only the cookware is heated, not the cooktop surface. This makes induction cooking more energy-efficient than electric or gas cooktops.

#### Larger cooking zone

SmartZone links two cooking zones and controls them as one giving you the flexibility to use large pans and griddles and easily handle bigger food items like pancakes.

### Specifications

#### Accessories
