Digital Programmable timer	Stainless Steel Finish	Cooler to Touch Doors	Easy guide side racks
Large 125L gross oven capacity	Quadruple glazed doors		

BENEFITS

AirFry for that perfect, healthy crunch
When a food craving hits, make healthier and delicious food right in your oven. Deliver all the flavour and none of the guilt. AirFry allows you to make healthier, tasty meals for the entire family right in your oven. The only oven range with AirFry.

Ovens that clean up after themselves
Even cleaning up is easier with Westinghouse. Choose a PyroClean oven and with the press of a button you can keep your oven shiny and clean. The oven turns on to an extremely high temperature, turning grease and grime into ash. All you need to do is simply wipe the residue away. No nasty chemicals, no greasy mess just a sparkling clean oven with minimal effort.

Twin fan system for even cooking
Cook each dish to perfection with the Twin Fan System. Fans rotate in opposite directions, distributing heat evenly throughout the oven, so you enjoy great results every time.

Programmable timer
The programmable timer gives the ability to plan your start and finish cooking time to the minute.

Designed for ease and safety
Telescopic runners are another piece of thoughtful design that makes it easy to draw racks out and safely check on your dishes during cooking.

Cooler to touch oven doors
Beautifully designed with Australian families in mind, the multi-layer glazing of our oven doors are cooler to the touch when the oven is hot.

Specifications
