

OB60SDPTDX1

## Built-in Oven, 60cm, Pyrolytic, 16 Function, 85L

### Series 9 | Contemporary

Featuring a generous 85L total capacity and 16 oven functions including pyrolytic self-cleaning. An intuitive, high resolution touchscreen with an accompanying dial makes it easy to use.

Stainless Steel

## Dimensions

Depth	565mm
Height	598mm
Width	596mm

## Features & Benefits

### Cook with confidence

Our touchscreen interface provides an intuitive guided cooking experience that helps deliver perfect results, whether you've been cooking all your life or just starting out. Cook with a favourite method, a hero ingredient, or a go-to cooking function or recipe.

### Generous capacity

With its market-leading 85L total capacity, you can create several perfectly cooked dishes at once using multiple shelves.

### Exceptional performance

Our unique cooking technologies were developed to deliver perfect results. ActiveVent ensures optimised moisture levels, while AeroTech circulates heat evenly for a consistent temperature.

### Multi-function flexibility

The cooking functions have each been tailored, tested, tweaked and perfected to ensure that no matter what you're cooking, you've got the right heat to match. A food probe precisely monitors cooking in real time, giving you complete control.

### Self-cleaning

Our pyrolytic self-cleaning technology breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth. The enamel coated side racks don't need to be removed when using this function.

## Design freedom

Available in an elegant black or a stylish black with stainless steel, this oven is designed to fit seamlessly into your kitchen. Premium materials and detailing to support a cohesive, considered kitchen design.

## Specifications

### Accessories
