Optional accessories	PRTX - Pizza Stone PALPZ - Single-handle pizza paddle 38508/510 - Baking Dish
Safety	Cool Door technology, thermal protection system
Power	220–240V, 50/60Hz 3200W 14A Connection
Warranty	Two years parts and labour

THERMOSEAL

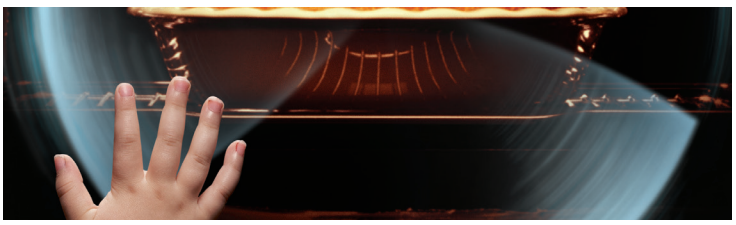
The seal of Smeg's quality, technical excellence and taste: succulent roasts, crisp pastry and impressive baking is achieved in Smeg's unique, perfectly controlled cooking environment. Thermoseal maintains the perfect atmospheric balance in the cavity for optimum cooking conditions.

EVER CLEAN ENAMEL

The superior quality of Smeg's patented Ever Clean enamel, which is highly durable and easy to clean, is the result of nearly 70 years of enameling expertise; ensuring long-life performance of every Smeg oven.

COOL DOOR TECHNOLOGY

Smeg's Cool Door system is a combination of technologies which is driven by a 22 blade tangential fan and includes a heat exchange baffle system. It draws cool air up through the panes of heat-reflective glass in the door, making it safe to the touch even when the oven is at pyrolytic temperatures of around 500°C.



DIGIscreen

Simply set timer, cooking duration and end of cooking using the LED display.
